

Strategy Analyst

JOB NO. 00734786

Job Description

Why Accenture? To discover the energy and commitment we devote to our customers by transforming their working method with the most advanced technologies. At Accenture, you'll grow as a member of an international network. Each day, you'll make a difference using whatever makes you unique.

Strategy Analyst

Milan

There is never a typical day at Accenture, but that's why people love it here! As a **new Strategy Analyst**, you'll test out new ideas with your teams and clients in **your own unique way**.

You will be involved in the creation, **design and building of new business models**, helping clients integrate and operate them. You will work with global companies leading them in the New by **solving their biggest business challenges** such as **digital disruption, competitive agility, operating and business models, and future workforce**.

Don't just follow the rules. Set them.

In **Accenture Strategy** you can imagine a world that doesn't exist yet. Operating at the intersection of **business and technology, dealing with business strategy, technology strategy or operations strategy**, join us and drive value, shape new businesses and design operating models for the future.

Turn your imagination into action helping our clients generating recognized, differentiating value.

Qualifications

Why we would choose you? If these goals reflect your ambitions you have the chance to stand out and face new challenges in the best way however there are some needed requirements to be successful and make a significant contribution:

- You have recently completed your master's degree in Business, Engineering, Mathematics, Physics, Statistics or Computer Science
- You speak English fluently and you have an international mindset technical qualifications
- You love to share and learn different things
- Every day is a new challenge for you and an opportunity to learn something new

Are you determined to face and beat off the challenges this role brings even if you don't have all the required qualifications? Apply and tell us how you can make a difference.
